Residential and Commercial Property Maintenance Services

RESIDENTIAL "EQUAL MONTHLY PAYMENT PLAN" AVAILABLE: An annual service plan with equal monthly payments. Requires a minimum order of seasonal mowing and snow plowing.

LAWN CARE SERVICES

MOWING SERVICES

Seasonal mowing provided on a weekly or biweekly basis.

- *Lawn is mowed and trimmed; clippings are blown from driveway and sidewalk.*
- *Lawn is mowed with vacuum collection of clipping for offsite disposal.*
- *Edge sidewalks, driveways and curbs*
- *Dethatch, mow and vacuum clippings for off site disposal.*
- *Aerate-2X per season is recommended.*
- *On request-1X mowing while you are on vacation or unable to mow.*

FERTILIZATION PROGRAMS (Choice of 2 fertilizers)

- *Natural fertilizer - 3 applications per season is typical (1X to 5X applications available.) This is your best choice for a lush lawn. Twice as much fertilizer is applied as conventional fertilizer. Promotes biological activity in the soil, contributes to a neutral ph. and conforms to non phosphorous requirements.*
- *Conventional fertilizer - 4 applications of slow release, non phosphorous fertilizer.*

LEAF CLEAN UP

Spring and fall clean up with removal of leaves and debris, offsite disposal is available..

- *Curbside pick up of leaves gathered by the customer.*
- *Debris and brush clean up and disposal (we have a loader tractor and dump trailer).*

HORTICULTURE AND WEED CONTROL

PRUNING

Ornamentals pruned in accordance with the best practice for the species.

WEED CONTROL

Herbicides/pesticides applied by a licensed applicator to control broadleaf grasses, weeds, and grubs in turf.

SNOW REMOVAL SERVICES

SNOW REMOVAL

Snow is plowed at the specified accumulation and includes marking of the driveway. Shoveling service available

ICE CONTROL

"Icebreaker" keeps the snow from freezing to the pavement and is effective to 20 below zero. It is more effective than salt and minimizes ice build up. Rock salt application is also available.

LANDSCAPE SERVICES

BARK REPLENISHMENT

Allimow will supply and distribute mulch. Premium mulches include shredded hardwood and shredded hardwood bark.

IRRIGATION SERVICE

Irrigation system: start up and /or system blow out and shut down.

LAWN INSTALLATION

New seeded lawns installed. Typical service includes distribution of topsoil that is leveled and prepared for the application of seed, fertilizer and seed protector. Tractor services are available to assist those that wish to do it themselves.

MAILBOX INSTALLATION AND REPAIR

*Mailboxes and posts installed and repaired year round.
We will install your components, or supply the complete assembly.*

ROTOTILLING

Out largest tiller is 5 ft wide for economical tilling of gardens up to 5 acres.
